California Resources Agency to Release Delta Smelt Action Plan

SACRAMENTO - Ryan Broddrick, Director of the Department of Fish and Game and Lester Snow, Director of the Department Water Resources will hold a press conference to release the Delta Smelt Action Plan.

WHEN: Thursday, October 20 at 11:00 a.m.

WHERE: Capitol, Room 1190

The 14-point framework establishes a research-based, scientific approach to counteracting decline of open water fish, including the delta smelt. These native fish are considered a key indicator of the health of the Delta ecosystem.
